

Adding A Comp-Prime E-mail

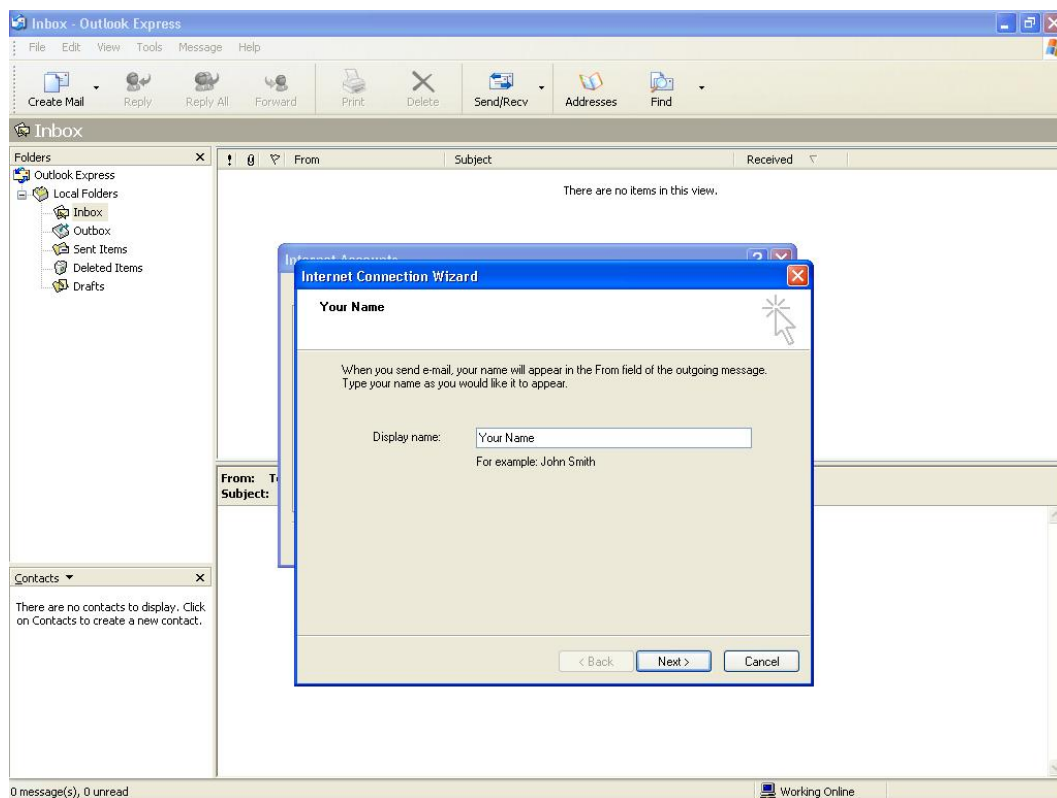

Open Outlook Express, click “Tools” and then Click “Accounts”.

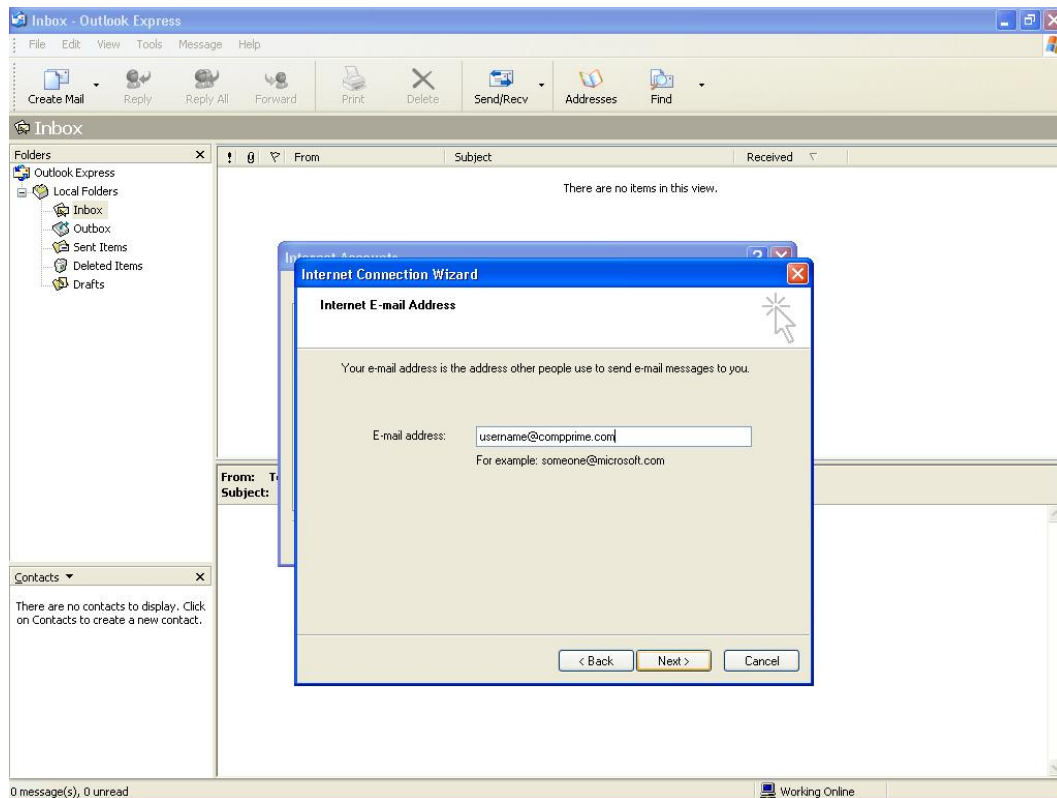

Click the “Mail” tab, click the “Add” button and click “Mail”.

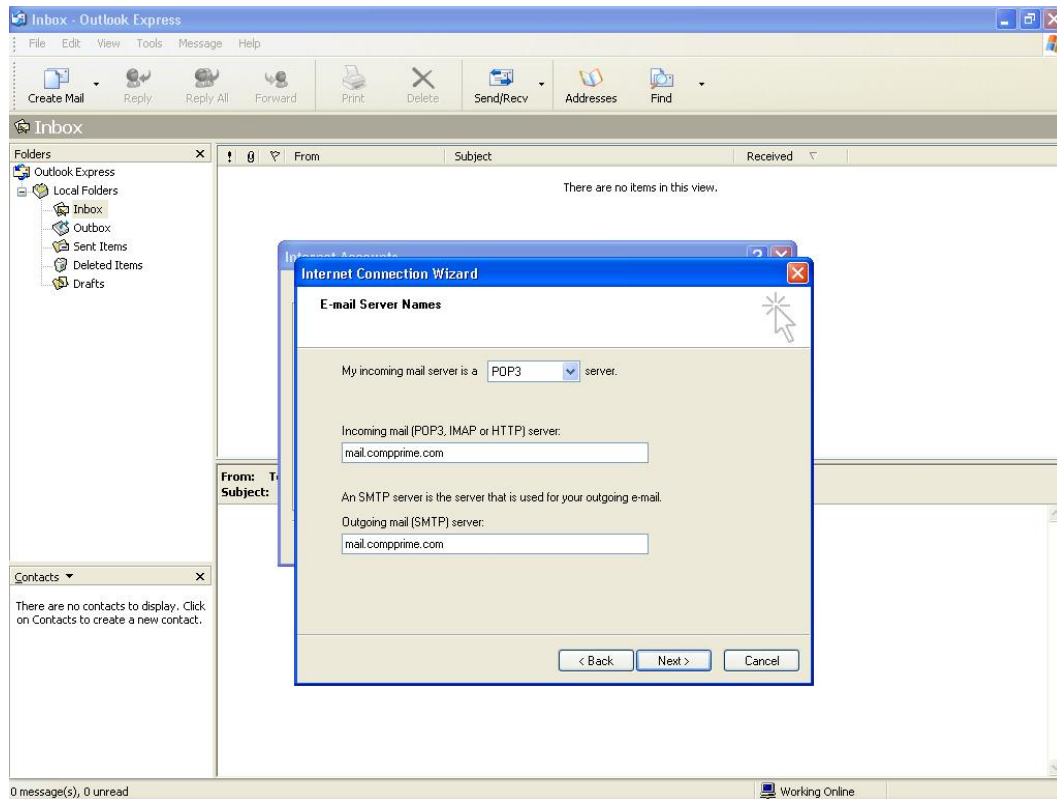

Type your name and click “Next”.

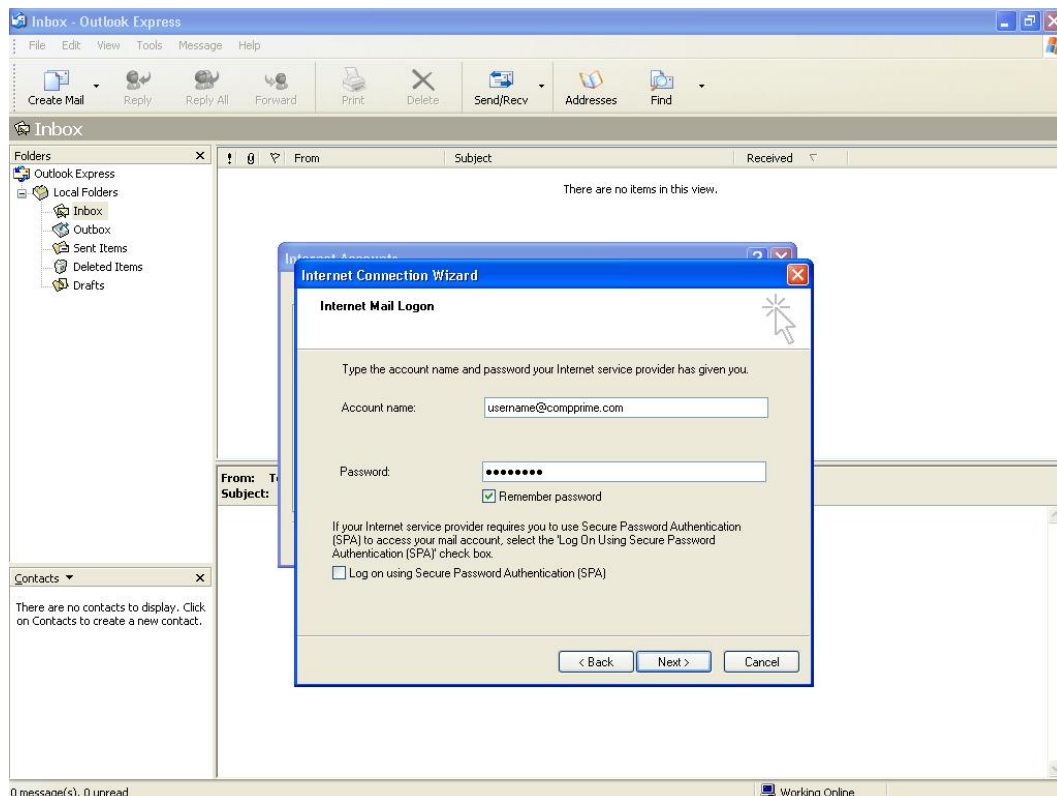

Type your username followed by @compprime.com. Click “Next”.

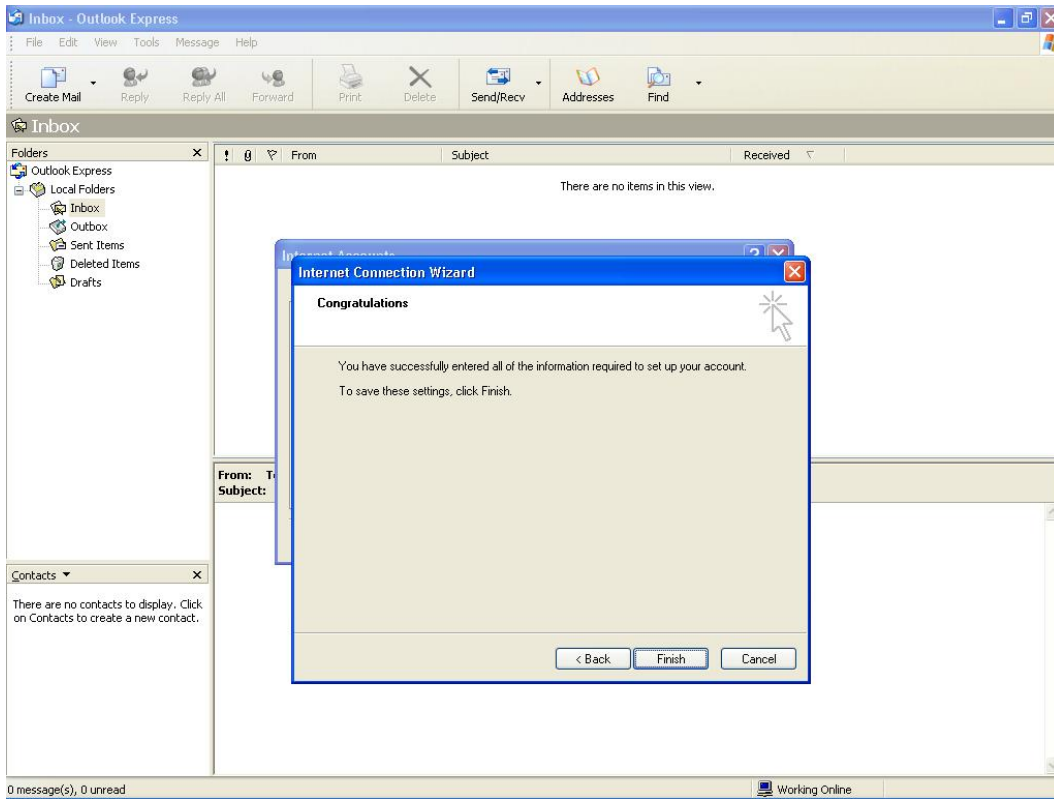

In both the Incoming mail and Outgoing mail server boxes, type mail.compprime.com. Click “Next”.

In the Account name box, type your username followed by @compprime.com. Click in the Password line and type your password. Click “Next”.

Click “Finish”.

Click on “mail.compprime.com” and then click the “Set as Default” button. Click “Close”.
